

IML TREE EXAMINATION EQUIPMENT MASTERCLASS SYMPOSIUM

A series of three, one day symposiums on 6th, 7th, and 8th July 2009 at the beautiful setting of Lackham College, Wiltshire (near junction 17, M4)

Presented by Bernd Lüll (IML) in association with Sorbus International Limited
- UK distributors of IML products

Bernd Lüll is a senior engineer with IML, Germany with over 20 years experience in the development, use and interpretation of IML tree examination equipment including the IML RESI series of microdrills, Fractometer and the new generation Micro Hammer - all of which will be covered at the seminars.

Each day will include the same programme including a balanced mix of theory, practical 'hands on' demonstrations and stimulating discussion.

Cost: £150 + VAT for the day, payable in advance, inclusive of lunch, refreshments and seminar notes.

Delegates will be limited to no more than 25 each day so early booking is essential to avoid disappointment.
